It’s All About the Momma Cow

See for yourself at the

Bruns Red Angus Ranch Production Sale

Tuesday, March 25, 2014 • 1:30 p.m. (CST)
Creighton Livestock Market, Creighton, Neb.

- Moderate-Framed
- Fertile
- Calving-Ease
- Easy Fleshing
- Minimal Inputs
WOW! Seems like a fitting word to start this letter with. Wow, what a year! We have been truly blessed. Starting with our inaugural bull sale in Creighton last year the word that comes to mind is “wow.” Never did we dream we would sell every animal we took to the sale. Thank you to everybody that purchased a bull or heifer, and thank you to everyone that attended the sale, lent a helping hand, or to all that shared a kind word. The support we received was amazing…THANK YOU.

We are located in northeast Nebraska near Bloomfield. The ranch is operated by Kelly and Cindy Bruns along with children Cole (14) and Kate (11). Our cows are the center of our operation hence the phrase "IT'S ALL ABOUT THE MOMMA COW." They run on improved and native pastures in the summer and graze crop residue in the winter. After one of the worst droughts in history there was a lot of uncertainty about how our pastures were going to respond last spring. Wow – we went from no grass to grass on steroids. I am not sure I have seen grass grow so fast. Just needed some rain.

Again it has been a wonderful winter to graze crop residue. The cows have been able to pretty much take care of themselves. Though hay isn’t quite as high priced as it was last winter, every day that the cows are able rustle up their own grub is a good day.

The drought we survived has shown us the importance of an efficient cow. More than ever we need cows that can not only thrive but produce a nice calf and breed back on minimal inputs. That is why we prefer moderate-framed, easy-fleshing mommas that are able to adapt to the different environments we subject them to. With the price of hay, pasture rent and feed, there is no place for big hard doing cows in our world. With our kids out with the cows the way they are, neither will we tolerate an ill tempered cow. There are too many good cows to put up with that.

We wean our calves across the fence from their momma in an effort to reduce stress on the calves. This really seems to work. You would never know you weaned the calves a week later.

The sale bulls are then brought in and fed a high roughage diet of corn silage, dried distiller grains, soy hulls and wheat straw. We don't push our bulls as hard as most in the industry. We do however feel we are producing a bull that will last longer and breed more cows than an over-conditioned bull. Again, with the price of things these days, another year out of a bull amounts to huge savings.

The youngest half of our bulls are kept home and run on pasture in the summer and fed a combination similar to the yearlings in the winter. They are then sold as coming 2-year-old bulls kept and bred specifically for this purpose. They are not the left overs nor have they seen a sale ring before.

The bred heifers we are offering this year have been running out with the cow herd until the last week of January. We then brought them in closer to home, put them on another corn field, fed them part of their diet, yet expected them to still rustle up half of their groceries.

This year we decided it was time to add some yearling heifers to the sale. Both commercial and registered. They too have been fed a high roughage diet to allow them to grow and develop into high producing cows.

We are in exciting times with record high calf and fat prices and again “wow” comes to mind. The Lord has blessed us with the prices, pasture, and feed needed to help us overcome some of the hardships created by the drought of 2012.

We welcome you to visit anytime and would like to especially invite you to the ranch on March 15th for an open house. Cindy and the grandmas will make every kind of cookie you can imagine. So come look at the bulls, have a cup of coffee and eat a cookie or two. The "Momma cows" will be close by for viewing also.

We look forward to meeting you.

─ Kelly, Cindy, Cole and Kate

Watch and bid online:
Welcome to the Bruns Red Angus Auction!

If you are a cattleman I don’t need to tell you that this past winter has been extremely challenging with record cold and tough calving conditions . . . . . the bright side is spring is almost here! Throughout the fall and winter auction season, we have seen unprecedented prices for both feeder calves and fat cattle in the beef market and the seedstock bull sales have certainly reflected this trend.

The buzz words in the beef industry are feed efficiency and carcass quality. The Bruns Red Angus cattle program definitely offers these traits in moderately framed, highly efficient, stoutly designed, and heavily muscled type cattle. From our buyer response at catalog print time, you have perceived the quality from the ad photos of the Bruns program. I cannot stress enough that if you are searching for moderate sized, heavy muscled Red Angus genetics, the Bruns program and auction on Tuesday March 25th is the place to be.

If I can be of any assistance in your selection of bulls or females in the Bruns auction, feel free to give me a call anytime. I will gladly bid and buy for you from the block or feel free to tune in via DVAuction and make your purchases online. The bottom line is: quality bulls are in tight supplies so don’t wait too late into the bull auction season to finally decide you need one. The tough, cold winter will no doubt take its toll on many herd bulls across the Midwest, so make sure your old bulls are ready to go to work before all the good bulls are already sold.

I look forward to seeing you in Creighton, Nebraska March 25th for some of the top Red Angus bulls and females to sell in the region!

Best Regards,

Kyle Gilchrist

Delivery and Load-out

We are offering free delivery within 100 miles of our ranch. Delivery elsewhere in the state of Nebraska and to other states will be at the lowest cost possible from the seller’s base operation. Any state animal testing requirements will be at the expense of the buyer. Bulls not delivered by April 15 will incur a $3-per-day feeding cost thereafter. A $50 credit will be offered for bulls taken home on sale day.

Sale management by:

Gilchrist Auction Co.

Commercial Yearling Heifers: Lots 1-27

We are starting the sale with something “new” this year and hope to continue it into the future. In the offering will be a group of commercial heifers with the operation that wants to breed a hand full of heifers as replacements for their own herd in mind. I don’t think you will be disappointed when you look over the fence at this eye catching bunch of heifers. They are a powerful set of heifers that will be moderate framed with the depth, width and capacity needed to make momma cows that can survive with minimal inputs and be the “Easy Keeping Kind”. They should produce calves for many years to come. They are a fine example of the type and kind we at Bruns Red Angus are striving to produce. Some of their sires are: Bruns 9127-173 (#1469012), Bruns 9127-145 (#1469001) and Bruns Johnny B Good 011 (#1415451).

We will be selling the lots in numerical order. Buyer takes 5 or more starting with Lot 1. The winning bidder will get numbers 1 thru 5 with the option of as many as they wish in consecutive order. (Example: If the winning bidder takes 5 heifers, we will start the bidding over at Lot 6. If, for example, the winning bidder takes 8 heifers, we will start the bidding over at Lot 9.)

Two-Year Old Bulls: Lots 28-44

Heifer bull prospect. Out of 0164x who has been a rock-solid calving ease bull. And being out of a cow by R017 doesn’t hurt matters. I wouldn’t sell any females out of this combination.

---

Coles favorite bull calf. Again a fast growing 014X son out of one of my bigger cows. He is dark red and deep ribbed.
And then we have Kate’s favorite yearling. Another one we are not supposed to sell. Maternal brother to Lot 34. Moderated deep and dark red.

Another 4090x Johnny Come Lately son. The word that comes to mind here is stout. His mother is a bigger framed cow. Retaining 50% semen interest.

This is another 4090x son out of a Blazing Red bred cow. This big hipped deep ribbed dude will make you some big steers to sell a leave behind a moderate framed easy keeping set of females. I would sure keep the females out of him. Retaining 50% semen interest.

What I’ve Learned...

That the best classroom in the world is at the feet of an elderly person.

That when you’re in love, it shows.

That just one person saying to me, ‘You’ve made my day!’ makes my day.

That having a child fall asleep in your arms is one of the most peaceful feelings in the world.

That being kind is more important than being right.

That you should never say no to a gift from a child.

That I can always pray for someone when I don’t have the strength to help him in some other way.

That no matter how serious your life requires you to be, everyone needs a friend to act goofy with.

That sometimes all a person needs is a hand to hold and a heart to understand.

That simple walks with my father around the block on summer nights when I was a child did wonders for me as an adult.

That life is like a roll of toilet paper. The closer it gets to the end, the faster it goes.

That we should be glad God doesn’t give us everything we ask for.

That money doesn’t buy class.

That it’s those small daily happenings that make life so spectacular.

That under everyone’s hard shell is someone who wants to be appreciated and loved.

That to ignore the facts does not change the facts.

That when you plan to get even with someone, you are only letting that person continue to hurt you.

That love, not time, heals all wounds.

That the easiest way for me to grow as a person is to surround myself with people smarter than I am.

That everyone you meet deserves to be greeted with a smile.

That no one is perfect until you fall in love with them.

That life is tough, but I’m tougher.

That opportunities are never lost; someone will take the ones you miss.

That when you harbor bitterness, happiness will dock elsewhere.

That I wish I could have told my Mom that I love her one more time before she passed away.

That one should keep his words both soft and tender, because tomorrow he may have to eat them.

That a smile is an inexpensive way to improve your looks.

That when your newly born grandchild holds your little finger in his little fist, that you’re hooked for life.

That everyone wants to live on top of the mountain, but all the happiness and growth occurs while you’re climbing it.

That the less time I have to work with, the more things I get done.

— By Andy Rooney

Sale Terms and Conditions

TERMS: Terms of the sale are cash, check, or other terms agreed to in writing between seller, buyer, and sale manager payable immediately upon conclusion of the sale before animals will be moved. Sale Manager reserves the right to require a certified check as settlement before releasing any cattle.

PURCHASER’S RISK: All animals are the owner’s risk prior to their sale and become property of the purchaser as soon as declared sold by the auctioneer.

BIDDING: Any disputes or challenges regarding bids or tie bids will be settled by the auctioneer and his decision will be final.

CERTIFICATE OF REGISTRY: A certificate of registry for each animal will be transferred to the buyer at the seller’s expense.

ANNOUNCEMENTS: Any errors or changes in information contained in the catalog will be announced from the block and such announcements shall take precedence over the information contained herein.

HEALTH: All animals are eligible for interstate shipment. Interstate health papers prepared by an accredited veterinarian will be furnished on each animal sold. Arrangements for international shipment should be made with the sale manager prior to the auction. All efforts for the exportation of cattle can be arranged through the sale manager.

BREEDING GUARANTEE: All animals are guaranteed by the seller as outlined in the Red Angus Association of America Code of Ethical Sale Practices.

LIABILITIES: All persons who attend the sale do so at their own risk. The seller, auction facility, and sale manager assume no liability for any accidents that may occur. Neither does the seller, auction facility, or sale manager assume liability for the loss or injury to livestock due to theft, mysterious disappearance, sickness, improper handling or Act of God. It is to be clearly understood that the sale manager and its representatives act only as a medium between the buyer and the seller. They are not responsible in any way for the failure on the part of the buyer and seller to live up to their obligations or for the truth of any warranties or representation, express or implied. Neither does the sale manager assume any financial obligations to collect or enforce collection of monies between parties. Any legal action, that may in exceptional cases be taken, must be between the buyer and the seller. This catalog has been prepared by the Sale Manager from pedigrees and information supplied by sources deemed reliable, however, the Sale Manager will in no way guarantee the pedigree, percentages of the animals selling, or data included in this catalog. Any exceptions taken are between the buyer and the seller.

CONTRACT: The above terms and conditions of sale shall constitute a contract between the buyer and seller of each animal and shall be equally binding upon both. Each sale or resale of an animal constitutes a separate transaction.

PHONE BIDS: Telephone bids will be taken by the sale manager. Kyle Gilchrist’s cell number is (641) 919-1077.
